MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2021**

As Management of the Albany Housing Authority (the Authority), we offer readers of the Authority's financial statements this narrative overview and analysis of the financial activities of the Authority excluding its component units for the fiscal year ended June 30, 2021. We encourage readers to consider the information presented here in conjunction with the Authority's financial statements as presented elsewhere in this Report.

A- Financial Highlights

1- The assets of the Authority exceeded its liabilities at the close of the most recent fiscal year by \$14,077,618 (net position) as opposed to \$7,984,629 for the prior fiscal year.

2 – As of the close of the current fiscal year, the Authority reported ending Unrestricted Net Position of \$(13,945,681), an increase of \$7,812,005 from the prior year primarily due to an decrease in OPEB liabilities.

3 – The Authority's cash and cash equivalents balance at June 30, 2021 was \$5,571,383 (excluding restricted cash, tenant security and FSS deposits) representing an increase of \$3,121,826 from the prior fiscal year.

4 – The Authority had Total Operating Revenues of \$41,398,032 excluding interest; and Total Operating Expenses of \$44,535,057 for the year ended June 30, 2021.

5 – The Authority's capital outlays for the fiscal year were \$2,253,010 of which \$1,816,923 was funded by the Capital Fund Program, and the remaining \$436,087 was funded through the utilization of operating reserve.

6 – The Authority's Expenditures of Federal and State Awards was \$35,257,287 for the fiscal year June 30, 2021, an increase of \$2,563,297 from the prior year. Of this amount, \$1,930,790 is attributable to coronavirus-related funding received under the 2020 CARES Act.

B – Using the Annual Report

1 – Management's Discussion and Analysis

The Management's Discussion and Analysis is intended to serve as an introduction to the Authority's financial statements. The Authority's Financial Statements and Notes to Financial Statements included in this Report were prepared in accordance with Generally Accepted Accounting Principles (GAAP) applicable to governmental entities in the United States of America for Proprietary Fund types.

2 – Financial Statements

The financial statements are designed to provide readers with a broad overview of the Authority's finances, in a manner similar to a private-sector business. They consist of Comparative Statements of Net Position; Comparative Statements of Revenues, Expenses and Changes in Net Position and Comparative Statements of Cash Flows.

ALBANY HOUSING AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS – CONTINUED

The Comparative Statements of Net Position present information on all the Authority's assets and liabilities, with the difference between the two reported as net position. Increases or decreases in net position can serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The Comparative Statements of Revenues, Expenses and Changes in Net Position present information showing how the Authority's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows (i.e., on the accrual basis). Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g.; rents charged to tenants that is not yet collected and earned and unused vacation leave).

The financial statements report on the Authority's activities. The activities are primarily supported by the United States Department of Housing and Urban Development (HUD) subsidies and grants. The Authority's function is to provide decent, safe and sanitary housing to low income and special needs populations. The financial statements can be found on pages 14 through 18.

3 – Notes to Financial Statements

The Notes to Financial Statements provide additional information that is essential to a full understanding of the data provided in the financial statements. The Notes to Financial Statements can be found in this report after the financial statements.

4 – Supplemental Information

The Schedule of Expenditures of Federal Awards is presented for the purpose of additional analysis as required by Title 2 US Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). The Schedule of Expenditures of Federal Awards can be found on page 66 of this report.

C – The Authority as a Whole

The Authority's Net Position increased during the fiscal year by \$6,092,989 as detailed below. The Authority's revenues consist primarily of rents, subsidies and grants received from HUD and other government agencies. The Authority receives subsidies each month based on an amount determined by HUD. Grants are drawn down based on need against a pre-authorized funding level. The Authority's 2021 operating revenues exceeded expenses by \$1,997,208 excluding depreciation, OPEB and pension expenses of \$2,174,054 and \$2,960,179 respectively. HAP expenses were funded by the Authority's Housing Assistance Payments (HAP) subsidy and Net Restricted Assets (HAP Reserves). Depreciation is charged to "Invested in Net Capital Assets" which is a component of Net Position and does not impact unrestricted net assets.

D – Budgetary Highlights

For the year ended June 30, 2020, individual project budgets were prepared for all properties owned by the low rent public housing program. Management prepared the budgets and the Board of Commissioners approved them.

D – Budgetary Highlights - Continued

1. Tenant rent began decreasing as the COVID-19 pandemic began and residents began losing employment.
2. Operating Subsidy granted by HUD was slightly higher than anticipated.
3. CARES ACT funds were used to fund both Administrative and Maintenance salaries.
4. Non routine expenditures included costs for unanticipated electrical costs at Lincoln and fire damage repairs at Westview.
5. Tenant bad debts are increasing as a result of the eviction moratoriums put in place by the State of New York. The result is tenants have been less inclined to make timely rental payments.

E – Summary of Significant Changes from Fiscal Year June 30, 2019 to June 30, 2020:

1. Unrestricted cash has increased during the fiscal year due to an increase in net cash from operations.
2. Accounts Receivable Tenants increased significantly during the current fiscal year due to the COVID-19 pandemic.
3. Buildings decreased due to the sale of Ida Yarbrough to the LIHTC entity during the fiscal year.
4. Construction In Progress increased by \$1,547,840. The CIP will increase or decrease each year depending on the availability of CFP funds and contract awards.
5. Accounts Payable HUD represents amounts due HUD calculated on the year-end settlement for the Mainstream, Shelter Plus Care and Mod Rehab programs. This amount will vary from year to year based on the number of units leased.
6. Changes in Deferred Outflows of Resources, Pension Liability Pension and OPEB expense during the course of the fiscal year are due to a change in assumptions and actual earnings in the state pension plan and the actuarial computations under GASB 75 for the OEPB liability.
7. Capital Grants increased during the fiscal year due to an increase in capital activity. The amount of capital grants will vary from year to year depending on the Authority's capital expenditures.
8. Gain on the sale of Assets is the result of a LIHTC award to the Authority. The Authority sold the majority of Ida Yarbrough and Corning Homes to Ida IV, LLC in December 2020.
9. HCV grant funds are based on HAP costs reported in the VMS system. HUD uses a look-back period to determine the amount of funding the AHA requires based upon the amount of HAP and administrative expenses reported in the previous three months.
10. HCV CARES and LRPB CARES are grants awarded by HUD to assist the Authority in its response to the COVID-19 pandemic. The funds are not fungible but may be used to offset ordinary operating expenses as well as costs incurred in AHA's measures to combat COVID-19.

F – Capital Assets and Debt Administration

1 – Capital Assets

As of June 30, 2020 the Authority's investment in capital assets for its Proprietary Fund was \$27,640,781 (net of accumulated depreciation). This investment in capital assets includes land, buildings, equipment and construction in progress.

Major capital assets purchased from grants of \$1,816,924 during the fiscal year pertained to expenditures made in accordance with the Authority's Capital Fund Program. Additional information on the Authority's capital assets can be found in Note 7 to these financial statements.

2 – Long Term Debt

The Authority has a capital lease obligation for energy savings equipment installed at the Authority's properties. The capital lease obligation was satisfied during the fiscal year ended June 30, 2020.

Additionally, the Authority leveraged its Capital Fund Program to finance the redevelopment of Ezra Prentice Redevelopment, LLC, a tax credit project managed by the Authority. \$8,375,000 was advanced from Fannie Mae Capital and is being repaid with CFP funds. The outstanding balance on the Fannie Mae note was refinanced during the 2018 fiscal year. The balance at June 30, 2021 was \$4,005,057.

The Authority has also loaned \$440,000 received as a loan from the Federal Home Loan Bank (FHLB) to Swan Street Lofts, LP. The loan from FHLB was granted under the Affordable Housing Program (AHP) and is deemed satisfied after fifteen years of operating the property in accordance with AHP regulations. The loan receivable matures January 1, 2064. Additional information can be found in Note 17 to the Authority's financial statements.

The Authority has loaned \$300,000 received as a loan from the Federal Home Loan Bank (FHLB) to Southend Associates III, LP for redevelopment and operating costs. The loan from FHLB was granted under the Affordable Housing Program (AHP) and is deemed satisfied after fifteen years of operating the property in accordance with AHP regulations. The loan receivable matures October 2, 2065. Additional information can be found in Note 17 to the Authority's financial statements.

The Authority has loaned \$792,990 received as a loan from the Federal Home Loan Bank (FHLB) to Ida Yarbrough Phase I, LLC. The loan from FHLB was granted under the Affordable Housing Program (AHP) and is deemed satisfied after fifteen years of operating the property in accordance with AHP regulations. Additional information can be found in Note 17 to the Authority's financial statements.

I- Summary of Programs Administered

Conventional Public Housing – Under the Conventional Public Housing Program, the Authority rents units that it owns to low-income households. The Conventional Public Housing Program is operated under an Annual Contributions Contract (ACC) with HUD, and HUD provides Operating Subsidy and Capital Grant funding to enable the PHA to provide the housing at a rent that is based upon 30% of household income. The Capital Grant Fund Program is the primary funding source for physical and management improvements to the Authority's properties.

Housing Choice Voucher Program (HCV) – Under the Housing Choice Voucher Program, the Authority administers contracts with independent landlords that own rental property. The Authority subsidizes tenants' rent through a Housing Assistance Payment made to the landlord. The program is administered under an Annual Contributions Contract (ACC) with HUD. HUD provides Annual Contributions Funding to enable the Authority to structure a lease that sets the participants' rent plus utilities at no more than 40% of household income.

Other Non-major Programs – In addition to the major programs above, the Authority also maintains the following non-major programs. Non-major programs are defined as programs that have assets, liabilities, revenues, or expenses of less than 5% of the Authority's total assets, liabilities, revenues or expenses:

Summer Food Service Program for Children – Assists States through grants-in-aid and other means, to conduct nonprofit food service programs for low-income children during the summer months and at other approved times, when schools are out of session or are closed for vacation. The Housing Authority receives this federal assistance as a sub-grantee of the New York State Department of Education.

Shelter Plus Care – Provides rental assistance, in connection with supportive services funded from sources other than this program, to homeless persons with disabilities (primarily persons who are seriously mentally ill, have chronic problems with alcohol, drugs, or both; or have acquired immunodeficiency syndrome and related diseases) and their families. The program provides assistance through four components: (1) Tenant-based Rental Assistance (TRA); (2) Sponsor-based Rental Assistance (SRA); (3) Project-based Rental Assistance (PRA); and (4) Single Room Occupancy for Homeless Individuals (SRO).

Component Units - Blended – Represents non-HUD resources developed from a variety of activities, and includes the operations of Patroon Street Apartments, which were developed under the Neighborhood Stabilization Program (NSP).

Capital South Campus Center – Funded by a \$4.98 million CFCF grant from the U.S. Dept. of Housing and Urban Development, the Campus Center represents Phase 1 of a larger redevelopment plan for Lincoln Square Homes, a 4.5-acre public housing development in the City of Albany's South End. The vision for an educational campus stems from the City of Albany's 2007 *Capital South Plan: SEGway to the Future*, a comprehensive revitalization plan created by a broad cross section of community stakeholders. Additionally, a \$750,000 grant from NYS Homes and Community Renewal was used to construct a parking lot and a community kitchen facility, which houses LifePath's Meals on Wheels program. In May 2019, a two year management agreement was entered into with BOCES, the new Program Delivery Partner, with the goal of setting individuals on a path towards employment and economic self-sufficiency. The activity of the Campus Center is reflected in AMP-4.

I- Summary of Programs Administered - Continued

Ida Yarbrough Homes Redevelopment - An application for tax exempt bond financing combined with 4% tax credits was submitted to NYS Housing Finance Agency (HFA) for 384 units, which was subsequently funded. These units to be modernized were located at Ida Yarbrough Homes (Public housing units) and Corning Homes (a wholly owned tax credit entity.) The deal closed on December 17, 2020 and the modernization is now well underway.

Resident Opportunity & Supportive Services - The Albany Housing Authority administers Resident Opportunity and Self Sufficiency grants including ROSS Service Coordinator and FSS programs for both Public Housing and Housing Choice Vouchers. These grants provide AHA with the ability to deliver supportive services to Public Housing Residents and Housing Choice Voucher holders to increase their economic opportunities. Services provided as a result of this funding stream include employment based technology training, Work Experience Programs, Job Placement and Monitoring and partnering with related providers to multiply the effectiveness of the HUD awards.

Other Supportive Services - The Authority also administers several additional programs similar to the Housing Choice Voucher Program, providing housing assistance to additional homeless, disabled and very low income individuals and families.

J- Economic Factors and Next Year's Budgets and Rates

The following factors were considered in preparing the Authority's budget for the fiscal year ending June 30, 2022:

1 – The need for Congress to balance the budget and the possible reduction on HUD subsidies and grants due to proposed increases in spending for the Department of Defense and supporting agencies such as the Department of Homeland Security and Department of Veterans Affairs.

2 – The use of the Authority's Unrestricted Net Assets of \$42,187,869, adjusted for unfunded pension and OPEB liabilities of \$56,133,550 to fund any shortfalls arising from a possible economic downturn and reduced subsidies and grants appears sufficient to cover shortfalls.

K – Contacting the Authority's Financial Management

The financial report is designed to provide a general overview of the Authority's finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Albany Housing Authority, attention Chiquita D'Arbeau, Executive Director at 200 South Pearl Street Albany, New York 12202.

Report on the Financial Statements

We have audited the accompanying financial statements of the Albany Housing Authority, which comprise the Comparative Statements of Net Position as of June 30, 2021, and 2020 and the related Comparative Statements of Revenues, Expenses and Changes in Net Position and Cash Flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. . The financial statements of the discretely presented component units were not audited in accordance with *Government Auditing Standards*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing the procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion based on our audit, the financial statements referred to above present fairly, in all material respects, the financial position of the Albany Housing Authority, as of June 30, 2021, and 2020 and the results of its operations, and its cash flows for the years then ended in accordance with the accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Proportionate Share of the Net Pension Liability, Schedule of Authority Contributions to the Public Employees Retirement System and Schedule of Changes in the Authority's Total OPEB Liability and Related Ratios presented on pages 1-11 and 68-70 respectively be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audits were conducted for the purpose of forming an opinion on the financial statements of the Albany Housing Authority. The Financial Data Schedule is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Additionally, the Statement and Certification of completed Capital Fund Program Grants and the Statement of Net Assets – Component Units, the Statement of Revenues, Expenses and Changes in Net Assets – Component Units and the Statement of Cash flows – Component Units, are supplemental information and are presented for the purpose of additional analysis and are not a required part of these financial statements.

The other information referred to in the preceding paragraph is the responsibility of management and was derived from and directly relates to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Financial Data Schedule, and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 18, 2022 on our consideration of the Albany Housing Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

ALBANY HOUSING AUTHORITY
NOTES TO FINANCIAL STATEMENTS
June 30, 2021

Note 1 – Summary of Organization, Activities and Significant Accounting Policies:

1. Organization – The Albany Housing Authority (AHA or the Authority) is a governmental, public corporation created under federal and state housing laws. The Authority is governed by a board of seven members, two of whom are residents. The non-resident members serve five-year terms and the resident members serve two year terms. The governing board is essentially autonomous but is responsible to the U.S. Department of Housing and Urban Development. An Executive Director is appointed by the Authority's Board to manage the day-to-day operations of the Authority. The Authority is responsible for the development, maintenance and management of public housing for low- and moderate-income families residing in Albany. Operating and modernization subsidies are provided to the Authority by the federal government.

Reporting Entity

The Authority has concluded that it is excluded from the City's reporting entity since the City does not designate management, does not influence operations, does not have responsibility for fiscal matters and does not have a funding relationship with the Authority.

The accompanying financial statements present the Authority and its eighteen discretely presented component units and one blended component unit, for which the Authority is considered to be financially accountable. The eighteen discretely presented component units are reported in a separate column in the Authority's financial statements to emphasize that they are legally separate from the Authority and that they do not meet the criteria of blended units as described in GASB 61. Please refer to Note 20 for additional information on the Authority's component units.

The Blended component unit, known as Patroon Apartments, consists of 23 units with assets of \$3,464,642 and total revenues of \$263,383. Patroon Apartments is wholly owned by the Authority.

The combined financial statements include all accounts of the Authority. The Authority is the lowest level of government over which the Authority's Board of Commissioners and Executive Director exercise oversight responsibility.

2. Significant Accounting Policies

Basis of Accounting – The financial statements of the Authority are prepared using the accrual basis of accounting to recognize the flow of economic resources. Under the accrual basis of accounting, transactions are recognized when they occur, regardless of when cash is received or disbursed. Revenues are recognized in the accounting period in which they are earned and become measurable, and expenses recognized in the period incurred, if measurable. Operating revenues and expenses consist of those revenues and expenses that result from the ongoing principal operations of the Authority. Non-operating revenues and expenses consist of those revenues and expenses that are related to financing and investing types of activities and result from non-exchange transactions or ancillary activities. All assets, liabilities, net position, revenue and expenses are accounted for using a single enterprise fund for the primary government.

Revenue – The major sources of revenue are various subsidies and grants received from the United States Department of Housing and Urban Development, charges to tenants and other miscellaneous revenues discussed below.

Note 1 – Summary of Organization, Activities and Significant Accounting Policies

2. Significant Accounting Policies (Continued)

Federal Grant Revenue – Operating subsidies, Housing Choice Voucher housing assistance grants and Capital Fund Program revenue received from HUD are recorded under the accrual method of accounting and are recognized in the period earned in accordance with applicable HUD guidelines. The Authority is generally entitled to receive funds from HUD under an established payment schedule, or, under the Capital Fund Program, as funds are expended funds are received.

HUD subsidizes the Authority's Housing Choice Voucher Program based on expenditures from prior periods' Voucher Management Submissions (VMS) Reports. Authorities exceeding obligated funding levels must use reserves to fund the shortage. When available funding, that is, funding obligated by HUD, exceeds utilization, HUD now retains the excess amounts. In the past, these overfunded amounts were retained by housing authorities and had to be segregated between Housing Assistance Payments (HAP) as restricted funds, and administrative payments, as unrestricted funds. These changes in HUD's financial policies are a result of Congress requiring HUD to become more restrictive in allowing excess funds to remain in the hands of public housing authorities. For the Albany Housing Authority, HUD began recapturing authority-held reserves in July 2014 by underfunding AHA's monthly HAP expenditures. These recaptured reserves, as well as amounts obligated by HUD but not yet needed (i.e., not spent on HAP) remain available to AHA to fund increased leasing on an as needed basis. At June 30, 2021 and 2020, HUD held reserves amounted to \$2,251,974 and \$1,106,926 respectively.

Tenant Charges – Rental charges to tenants are determined and billed monthly and are recognized as revenue when billed since they are measurable and collectible within the current period. Amounts not collected at year-end are included in the balance sheet as accounts receivable, and amounts paid by tenants for the subsequent fiscal year are recorded as deferred revenue.

Miscellaneous Income – Miscellaneous revenue consists primarily of miscellaneous service fees. The revenue is recorded as earned since it is measurable and available.

Report Presentation – The financial statements included in this Report were prepared in accordance with generally accepted accounting principles (GAAP) in the United States of America applicable to governmental entities for Proprietary Fund Types. The Authority implemented the provisions of Governmental Accounting Standards Board Statement No. 34 "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments" (Statement No. 34). The Authority also adopted the provisions of Statement No. 37 "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments: Omnibus" and Statement No. 38 "Certain Financial Statement Note Disclosures", which supplements Statement No. 34. Statement No. 34 established standards for all state and local governmental entities that include a statement of net assets, a statement of activities and a statement of cash flows.

2. Significant Accounting Policies (Continued)

Statement 34 requires the classification of net assets into three components – Invested in Capital Assets, Net of Related Debt; Restricted Net Assets and Unrestricted Net Assets. Statement No. 63 “Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources and Net Position” requires the re-naming of the Statement of Net Assets to the Statement of Net Position. The Statement of Net Position reports all assets, deferred outflows of resources, liabilities and deferred inflows of resources and net position. These classifications are defined as follows:

Net Investment in Capital Assets – This component consists of land, construction in progress and depreciable assets, net of accumulated depreciation and net of the related debt outstanding. If there are significant unspent related debt proceeds as of year-end, the portion of the debt related to the unspent proceeds is not included in the calculation of Net Investment in Capital Assets rather, that portion of the debt is included in the same net position component as the unspent proceeds.

Restricted Net Position – This component includes net position subject to restrictions placed on net asset use through external constraints imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by the law through constitutional provisions or enabling legislation.

Unrestricted Net Position – This component consists of net position that does not meet the definition of Restricted Net Position or Net Investment in Capital Assets.

The adoption of Governmental Accounting Standards Board Statements 34, 37 and 38 have no significant effect on the basic financial statements, except for the classification of net assets in accordance with Statement No. 34.

Significant accounting policies are as follows:

1 – Cash and cash equivalents are stated at cost, which approximates market. Cash and cash equivalents include cash in banks, petty cash, certificates of deposit, and other investments with original maturities of less than three months from the date of purchase. Investments are recorded at fair value based on quoted market prices. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties.

2 – Collection losses on accounts receivable are charged against an allowance for doubtful accounts.

3 – Fixed assets are recorded at cost for all programs and depreciation is computed on the straight-line basis. Donated property is recorded at fair market value on the date of donation.

4 – Repairs funded out of operations, such as painting, roofing, and plumbing, are charged against income for all programs.

5 – The Authority is subsidized by the Federal Government. The Authority is not subject to Federal or State income taxes, nor is it required to file Federal and State income tax returns.

Note 1 – Summary of Organization, Activities and Significant Accounting Policies (Continued)

Significant Accounting Policies (Continued)

- 6 – Operating subsidies received from HUD are recorded as income when earned.
- 7 – The cost of accumulated unpaid compensated absences, including fringe benefits, is reported in the period earned rather than in the period paid.
- 8 – Prepaid expenses represent payments made by the Authority in the current year to provide services occurring in the subsequent fiscal year.
- 9 – Inventories in the Proprietary Fund consist of supplies and are recorded at the weighted average cost.
- 10 - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period.
- 11 - The Authority has elected not to apply Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee of Accounting Procedure issued after November 30, 1989, to its proprietary activities.
- 12 – The Authority does not have any infrastructure assets for its Proprietary Fund.
- 13 – Inter-fund receivables and payables arise from inter-fund transactions and are recorded by all funds affected in the period in which the transactions are executed.

Budgetary Policy Control

The Authority submits its annual operating and capital budgets in accordance with HUD requirements. However, HUD only approves the operating subsidy. The budget is formally adopted by resolution of the Authority's Board of Commissioners. Once adopted, the Board of Commissioners may amend the adopted budget when unexpected modifications are required in estimated revenues and expenses. Each fund's budget is prepared on a detailed line-item basis. Revenues are budgeted by source and expenditures are budgeted by expense classification within each revenue source.

Note 1 – Summary of Organization, Activities and Significant Accounting Policies (Continued)

Accounting for Impairment or Disposal of Long-Lived Assets

The Authority has given consideration regarding the Impairment or Disposal of Long-Lived Assets in its preparation of these financial statements. In December 2020, the Authority, as part of its redevelopment plan, disposed of two properties. Those properties were sold to Ida Yarbrough Phase IV LP. As of June 30, 2021, the Authority has recognized a net \$1,507,691 reduction in the carrying value of its fixed assets due to the sale to Ida Yarbrough Phase IV.

Note 2 – Cash and Cash Equivalents

Housing Authority

The Authority maintains cash, cash equivalents and investments in local banks.

Cash and Cash Equivalents of \$6,830,397 and \$4,225,440 at June 30, 2021 and 2020 consisted of the following:

	<u>June 30, 2021</u>	<u>June 30, 2020</u>
Checking/Money Market	\$ 5,571,233	\$ 2,449,407
Restricted Cash	549,207	1,018,792
FSS Escrow - Restricted	407,089	374,488
Security Deposits	302,718	382,603
Petty Cash	150	150
	<u>\$ 6,830,397</u>	<u>\$ 4,225,440</u>

The carrying amount of the Authority's cash and cash equivalents on deposit as of June 30, 2021, was \$6,830,397 and the bank balances were \$7,067,873. Of the bank balances, \$544,709 was covered by FDIC insurance and \$6,523,164 was covered by a depository collateral agreement.

Restricted Cash for the Low Rent Public Housing Program at June 30, 2021 and 2020 pertains to funds related to Pieter Schuyler replacement reserves (AMP-1), FSS Escrows, operating reserves and Ezra (AMP-10) debt service accounts. The funds restricted in the HCV Program are restricted as described in Note 16.

The Authority's cash and cash equivalents are categorized as prescribed in GASB 40 to give an indication of the level of risk assumed by the Authority. As described above, \$6,523,164 of the Authority's deposits exceeded FDIC insurance (\$250,000 per bank) and were collateralized with securities held by the pledging financial institution's trust department or agent but not in the Authority's name.

Note 2 – Cash and Cash Equivalents (Continued)

Component Units

The Component Units had the following cash and cash equivalents:

	<u>December 31, 2020</u>	<u>December 31, 2019</u>
Checking	\$ 1,917,564	\$ 1,750,418
Tenants Security Deposits	374,753	433,718
Replacement & Debt Service Reserves	<u>6,917,467</u>	<u>6,527,338</u>
	<u>\$ 9,209,784</u>	<u>\$ 8,711,474</u>

The Component Units maintain cash and cash equivalents in bank accounts which at times may exceed federally insured limits. The component units have not experienced any losses in such accounts and the Authority believes that they are not exposed to any significant credit risk on cash and cash equivalents.

Note 3 – Investments

At June 30, 2021 and 2020, the Authority held the following investments:

2021

Investment Maturities in Years

Investment Type	Market Value	Less than 1	1-5	6-10
US Treasuries	<u>5,317,021</u>	<u>-</u>	<u>5,317,021</u>	<u>-</u>
	<u>\$ 5,317,021</u>	<u>\$ -</u>	<u>\$ 5,317,021</u>	<u>\$ -</u>

2020

Investment Maturities in Years

Investment Type	Market Value	Less than 1	1-5	6-10

	<u>\$ 5,935,785</u>	<u>\$ -</u>	<u>\$ 5,935,785</u>	<u>\$ -</u>

The fixed income holdings have varying maturity dates greater than three months from the date of purchase and are stated at fair value in the Statement of Net Position, with all gains and losses included in the Statement of Activities. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Interest income is recorded on the accrual basis.

ALBANY HOUSING AUTHORITY
NOTES TO FINANCIAL STATEMENTS
 June 30, 2021

Note 3 – Investments - Continued

Interest rates on the fixed income holdings ranged between 1.58% and 2.85% during the current fiscal year.

Investments are measured at fair value. Generally accepted accounting principles establish a fair value hierarchy that prioritizes the inputs used to measure fair value. The three levels of the fair value hierarchy are as follows:

Level 1 inputs are adjusted quoted market prices in active markets for identical assets or liabilities that the Authority has the ability to access at the measurement date. Level 1 inputs provide the most realizable measure of fair value as of the measurement date.

Level 2 inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.

Level 3 inputs are significant unobservable inputs for the asset or liability.

The level of the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

All of the Authority's investments at June 30, 2021 and 2020 are included in Level 2 of the hierarchy.

Note 4 - Accounts Receivable Other

Note 5 – Loans Receivable

Forgivable Mortgages

Sharp forgivable loans totaled \$492 and \$2,148 at June 30, 2021 and 2020, respectively. These loans remain forgivable if the homeowner remains in the home for a period of 15 years. Each year the Authority forgives one fifteenth of the outstanding loans. During the fiscal years 2021 and 2020, the Authority received \$0 and \$450 in repayments from homeowners, respectively.

Notes Receivable – Non - Current - Component Units

At June 30, 2020, the Authority has outstanding \$38,256,390 in notes receivable from its component units of which \$27,943,664 are HOPE VI loans. These loans bear interest at various rates, and monthly payments are due from available cash flow. All unpaid accrued interest and principal is due in thirty to forty years. The Authority has determined that collection of these loans is doubtful and accordingly has reserved an allowance for the entire amount of the loans. Accrued interest on the loans for June 30, 2021, and 2020 amounted to \$12,817,235 and the Authority has reserved the entire amount.

Ezra Prentice – Mortgage

The Authority received permission to “de-federalize” one of its projects commonly known as Ezra Prentice and convey such property to Ezra Prentice Homes Redevelopment, LLC for a money purchase mortgage in the amount of \$2,280,000 which began on December 30, 2009. All principal and interest is due and payable on the December 30, 2059. Interest accrues at a rate of 3% per annum.

The Authority leveraged its Capital Funds in order to provide an \$8,375,000 loan which began on December 30, 2009, to Ezra Prentice Homes Redevelopment, LLC to finance the construction and rehabilitation of the Project. Principal and interest payments are due only from available cash flow of the project. The loan matures on December 30, 2059.

Academy Lofts

The Authority also loaned funds received from the City of Albany funded through a “Restore New York Communities” grant to Swan Street Lofts, LP in the amount of \$3,317,692, which originated on December 20, 2011. The loan bears interest at 0% and is due in 50 years. During the fiscal year 2015, the Authority received an additional \$1,182,307 from the City which it loaned to the Project bringing the total loan amount to \$4,499,999.

The Authority also loaned Swan Street Lofts, LP \$440,000 which originated on February 3, 2014, as required matching funds for the Restore New York Communities grant. The loan bears interest at 0% and is due in 50 years.

Southend Associates III

During 2015 the Albany Housing Authority received a grant from the Affordable Housing Program (AHP), which it lent to Southend Associates III, LP on September 8, 2015. The loan was for \$300,000 for redevelopment and operating costs and is subject to AHP regulations. Contemporaneously, the Albany Housing Authority assigned the mortgage to M&T Bank. The mortgage is subordinate to Southend Associates III, LP's HTFC loan and contains a recapture agreement (the Agreement) with the Federal Home Loan Bank if certain conditions related to compliance are not maintained. Those conditions are more fully described in the Agreement. The maturity date is the fiftieth annual anniversary of the conversion date of October 1, 2015 (October 1, 2065). This note bears interest at 6% and is secured by a mortgage on the property.

Ida Yarbrough Phase I

During July of 2016, the Albany Housing Authority received funding through the Affordable Housing Program (AHP) through the Federal Home Loan Bank and M&T Bank. The loan was for \$792,990 and was used for the renovation of the Ida Yarbrough Phase I Project. The note bears no interest and is due in July of 2046.

During July of 2016, the Albany Housing Authority received both a Green Grant and a NYSERDA Grant totaling \$1,154,500. The Authority agreed to and executed a loan agreement with Ida Yarbrough Phase I, LLC for a 0% loan for thirty years. At June 30, 2021 \$1,154,500 had been advanced to the project.

Ida Yarbrough Phase II

During the 2018 fiscal year, the Authority received a Local Initiatives Support Corporation (LISC) grant for \$615,000 which it loaned to Ida Yarbrough Phase II, LLC, a related tax credit entity which is in the development phase.

During 2019, the Authority agreed to lend \$1,100,000 to Ida Yarbrough Phase II for the development of an affordable housing project. The loan does not bear interest and is due 30 years immediately following the final closing. At June 30, 2021, the amount advanced to the project was \$1,100,000. The source of this funding is the Capital Fund Program.

During August of 2019 the Albany Housing Authority received a grant through the Affordable Housing Program (AHP) through the Federal Home Loan Bank and M&T Bank. The loan was for \$1,100,000 and was used for the renovation of the Ida Yarbrough Phase II Project. The note bears interest of 1% per annum and is due on January 1, 2051.

ALBANY HOUSING AUTHORITY
NOTES TO FINANCIAL STATEMENTS
June 30, 2021

Note 8 – Inventory

Inventory is recorded at weighted average cost. At June 30, 2021 and 2020 the Authority maintained inventory with a value totaling \$212,709 and \$238,078, respectively. The Authority has written down its inventory and therefore has not recorded an allowance for obsolete inventory for June 30, 2021, and 2020.

Note 9 – Payment in Lieu of Taxes (PILOT)

Under Federal, State and local law, the Authority's programs are exempt from income, property and excise taxes. However, the Authority is required to make a payment in lieu of taxes (PILOT) for the PHA Owned Program in accordance with the provisions of its Cooperation Agreements with the City. Under the Cooperation Agreements, the Authority must pay the City the lesser of 10% of its net shelter rent or the approximate full real property taxes. Accrued PILOT during the fiscal years ended June 30, 2021, and 2020 amounted to \$280,604 and \$366,973 respectively.

Note 10 – Accrued Compensated Absences

Unused sick leave may be carried to future periods and used in the event of extended illness. Upon normal retirement, employees are not entitled to compensation for unused sick days. Generally, employees may be compensated for unused vacation in the event of retirement or termination of service. The amount of vacation which may be carried over from one year to another is subject to certain limitations. The Authority has determined that the potential liability for accumulated vacation at June 30, 2021 and 2020 amounted to \$269,786 and \$350,520 respectively.

Note 11- Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Plan Description

The Albany Housing Authority contributes to the New York State Employees Retirement System (ERS), a cost-sharing multiple-employer defined benefit pension plan. The Comptroller of the State of New York serves as sole trustee of the Common Retirement Fund (Fund) and administrative head of the New York State and Local Police and Fire Retirement System (PFRS), and the Public Employees' Group Life Insurance. These entities are collectively referred to as the New York State Local Employees' Retirement System or the "System". All net assets of the System are held in the Common Retirement Fund which was established to hold all net assets and changes in net plan assets allocated to the System.

Membership Tiers - Pension legislation enacted in 1973, 1976, 1983, 2009 and 2012 established distinct classes of membership. For convenience, the System uses a tier concept to distinguish these groups, generally:

Tier 1 – Those persons who last became members of the ERS before July 1, 1973.

Tier 2 – Those persons who last became members on or after July 1, 1973, but before July 27, 1976.

ALBANY HOUSING AUTHORITY
NOTES TO FINANCIAL STATEMENTS
June 30, 2021

Note 11- Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Tier 3 – Generally those persons who are State correction officers who last became members on or after July 27, 1976, and all others who last became members on or after July 27, 1976, but before September 1, 1983.

Tier 4 – Generally, except for correction officers, those persons who last became members on or after September 1, 1983, but before January 1, 2010.

Tier 5 – Those persons who last became members on or after January 1, 2010, but before April 1, 2012.

Tier 6 – Those persons who last become members on or after April 1, 2012.

Benefits-

(1) Tier 1 and Tier 2

Most Tier 1 and Tier 2 members are on a plan with minimum retirement age of 55 which provides for 1.67% of final average salary (defined as wages earned during any 36 months of services when earnings were highest) for each year of service less than 20 years. Generally, the benefit with more than 20 years of service is 2% of final average salary for each year of service. Tier 2 members retiring between age 55 and 62 with less than 30 years of service receive reduced benefits. As a result of Article 19 of the Retirement and Social Security Law, eligible Tier 1 and Tier 2 members, whose date of membership is prior to July 27, 1976, will receive an additional month of service credit for each year of credited service they have at retirement, up to a maximum of 24 months. Tier 1 and 2 members do not contribute toward their pension benefits.

(2) Tier 3, Tier 4 and Tier 5

Except for Tier 3 correction officers, generally the benefit is 1.67% of final average salary for each year of service if the service is less than 20 years. For 20 to 30 years service, the benefit is 2% of the final average salary. An additional benefit of 1.5% of final average salary is applied for each year of service in excess of 30 years. A member must be age 62 with 5 years of service or at least age 55 with 30 years service to retire with full benefits. Reduced retirement benefits are available if retirement occurs between the ages of 55 to 62. Tier 3, 4 and 5 members are eligible to retire starting at age 55. Retiring between the ages of 55 to 62 will lead to permanently reduced benefits between 38.33% and 6.67 % depending on the age at retirement. The benefit will be based on the member's final average salary (defined the same as for Tiers 1 and 2) for each year of service. For Tier 5, overtime wages are subject to a cap; wages above the cap are not included in final average salary. Tier 3 and 4 members must contribute 3% of wages for ten years of service. Tier 5 members must contribute 3% of wages towards their pension benefits for all years of service.

Note 11- Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

(3) Tier 6

Contributions: Members must contribute toward their pension benefits with some exceptions. Also, PFRS members covered by a collective bargaining agreement in effect on January 9, 2010 that requires the employer to offer a special 20- or 25-year plan may not contribute. Beginning 4/1/2013, the percentage is based on the member's wages.

Wages	Contribution Rate
\$45,000 or less	3%
\$45,000.01 to \$55,000	3.5%
\$55,000.01 to \$75,000	4.5%
\$75,000.01 to \$100,000	5.75%
More than \$100,000	6%

Reportable Salary Limit: Reportable salary may not exceed the salary of the Governor of the State of New York, which is set by law and is currently \$200,000. If the Governor's salary changes, the reportable salary limit would change accordingly. If a member reaches the reportable salary limit, contributions are not deducted from any salary paid in excess of the limit. All salary paid, days worked and any loan and/or arrears payments are still reported in the system.

Overtime Limit: Overtime pay in excess of 15 percent of a member's regular annual wages cannot be used in the calculation of a member's final average salary.

Other Earnings Limitations: Earnings from more than two separate employers in any one year will be excluded from the definition of wages for Retirement System purposes.

Final Average Salary (FAS): FAS is the average of the highest five consecutive years of reportable salary subject to limits. Any year of salary used in the FAS calculation cannot exceed the average of the previous four years by more than 10 percent. Lump sum payments at retirement for accumulated vacation will not be included in an FAS calculation.

Service Retirement Eligibility: Members must have 10 years of service credit to be vested and eligible for a service retirement benefit. Members in regular plans can still retire at age 62 with an unreduced service retirement benefit or between ages 55 and 62 with a reduced benefit. Regular plans are those that permit retirement after the member has attained a certain age and earned a certain amount of service credit. Members in special plans can retire after completing their plan's minimum service requirement regardless of age. Vested members no longer on the payroll of a participating employer cannot retire until age 63.

Note 11- Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Service Retirement Benefit: Service retirement benefits have not changed from previous Tiers.

Members can borrow against their contributions once they meet eligibility requirements.

(3) Ordinary Disability Benefits

Generally, ordinary disability benefits, usually 1/3 of salary, are provided after 10 years of service; in some cases, after 5 years of service.

(4) Accidental Disability Benefits

For all eligible Tier 1 members and Tier 2 ERS members, the benefit is a pension of 75% of final average salary with offset for any worker's compensation benefits received. The Tier 3 and Tier 4 benefit is the ordinary benefit with the years of service eligibility requirement dropped. For Tier 5, the benefit is one half (50%) of the employee's wages during the last year of active service.

(5) Ordinary Death Benefits

Death benefits are payable upon the death, before retirement, of a member who meets eligibility requirements as set forth by law. The first \$50,000 of an ordinary death benefit is paid in the form of group term life insurance. The benefit is generally three times salary. For most members there is also a reduced post-retirement death benefit.

Death benefits for Tier 5 employees are equal to the member's salary multiplied by the years of service, not to exceed three years.

(6) Post-retirement Benefit Increases

An annual cost of living adjustment is provided to: (i) all pensioners who have attained age 62 and have been retired for five years; (ii) all pensioners who have attained age 55 and have been retired for ten years; (iii) all disability pensioners regardless of age who have been retired for five years; and (iv) ERS recipients of an Accidental Death Benefit regardless of age who have been receiving such benefit for five years. This cost-of-living adjustment is calculated on the first \$18,000 of a pensioner's single life allowance benefit or the actual benefit amount, if less. The cost-of-living percentage shall be 50% of the annual Consumer Price Index as published by the U.S. Bureau of Labor, up to 3%, but not less than 1%.

Funding Policy: Participating employers are required under the New York State Retirement and Social Security Law to contribute annually to the System.

The funding of the System is accomplished through member and employer contributions and the investment earnings on these contributions, according to the New York State Retirement and Social Security Law. The Aggregate Actuarial funding method is used by the System.

Note 11- Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Generally, participating employers that have adopted the same benefit plan contribute at the same rate of payroll. The total employer contribution rate as a percentage of salary includes rates for administrative expenses, Group Life Insurance ("GLIP"), and supplemental benefits. GLIP is a one-year term insurance plan. Consequently, the GLIP rates are determined so as to pay for the current year's GLIP costs. Similarly, the administrative rates are determined so as to pay the current year's administrative expenses. Employers may make other contributions due to legislation, such as retirement incentives, the 17-year amortization and deficiency payments (which an employer may incur when joining the System and are payable for up to 25 years.) The average employer contribution rates below exclude certain contributions such as the 17-year amortization. The average contribution rate for ERS for fiscal year ended June 30, 2021, and 2020, including incentive contributions, was approximately 9.6% to 19.7% and 9.3% to 19.5% respectively, of payroll depending on the tier.

The Albany Housing Authority's contribution to the Fund for the years ending June 30, 2021, and 2020 was \$880,354 and \$845,344 respectively. At June 30, 2021, and 2020, there were 107 and 101 plan members, respectively. The New York State retirement plan's fiscal year is April 1 to March 31. The New York State Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the Fund. That report may be obtained by writing to the New York State Local Retirement System, 110 State Street, Albany, New York 12244-0001, or by calling 1-518-474-7736.

At June 30, 2020 and 2019, the Authority reported a liability of \$22,599 and \$5,993,066 respectively for its proportionate share of the net pension liability and a pension expense of \$468,799 and \$1,977,003 respectively. At June 30, 2021 and 2020, the Authority reported deferred outflows of resources and deferred inflows of resources related to the pensions from the following sources:

(a) Difference in Expected and Actual Experience

The difference between expected and actual experience with regard to economic and demographic factors is amortized over a five-year closed period reflecting the average remaining service life of the plan members (active and inactive), respectively. The first year of amortization is recognized as pension expense with the remaining years shown as either deferred outflow of resources or a deferred inflow of resources. The collective amount of the difference between expected and actual experience for the fiscal years 2021 and 2020 was \$276,000 and \$352,715 respectively.

(b) Changes in Assumptions

The change in assumptions about future economic or demographic factors or other inputs is amortized over a five-year closed period, reflecting the average remaining service life of the plan members (active and inactive members), respectively. The first year of amortization is recognized as pension expense with the remaining years shown as either a deferred outflow of resources or a deferred inflow of resources. The collective amount of the difference between expected and actual experience for the fiscal years 2021 and 2020 was \$4,155,303 and \$120,672 respectively.

(c) Net Difference between Projected and Actual Investment Earnings on Pension Plan Investments

The difference between the System's expected rate of return of 7.0% and the actual investment earnings on pension plan investments is amortized over a five-year closed period in accordance with GASB 68. The first year of amortization is recognized as pension expense with the remaining years shown as either a deferred outflow of resources or a deferred inflow of resources. The collective amount of the difference between expected and actual experience for the fiscal years ended 2021 and 2020 was \$0 and \$3,072,337 respectively.

(d) Changes in Proportion and Differences between Contributions and Proportionate Share of Contributions

The change in employer proportionate share is the amount of difference between the employer proportionate share of net pension liability in the prior year compared to the current year. The difference between employer contributions and proportionate share of contributions is the difference between the total amount of employer contributions and the amount of the proportionate share of employer contributions. The change in proportionate share and the difference between employer contributions and proportionate share of contributions is amortized over a five-year closed period, reflecting the average remaining service life of the plan members (active and inactive members), respectively. The first year of amortization is recognized as pension expense with the remaining years shown as either a deferred outflow of resources or a deferred inflow or resources.

The cumulative net amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in future pension expense as follows:

Actuarial Assumptions

The total pension liability for the March 31, 2021, measurement date was determined by using an actuarial valuation as of April 1, 2020, with update procedures used to roll forward the total pension liability to March 31, 2021.

Actuarial Cost Method	Entry Age Normal
Inflation	2.7 percent
Salary Scale	4.4 percent
Investment Rate of Return	5.9 percent compounded annually
Cost of Living Adjustments	1.4 percent annually
Mortality Improvement	Society of Actuaries Scale MP-2018

The long term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected return, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The previous actuarial valuation as of April 1, 2019, used a long term expected rate of 6.8%.

Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of March 31, 2021, are summarized below:

The discount rate used to calculate the total pension liability was 5.9 percent. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially. Based upon the assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total liability.

Sensitivity of the Net Pension Liability to the Discount Rate

The following presents the current period pension liability of the Authority, calculated using the current period discount rate assumption of 5.9 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (4.9 percent) or one percentage point higher (6.9 percent) than the current assumption:

ANNUAL OPEB COST AND NET OPEB OBLIGATION

The Authority's provides post-employment medical benefits, including prescription drug benefits as part of a medical plan on a fully insured basis through the NYSHIP Empire Plan and Capital District Position Health Plan (CDPHP). The liability is actuarially determined in accordance with parameters of GASB Statement No. 75. The following table shows the components of the Authority's annual OPEB costs for the fiscal years, the amounts of estimated contributions to the plan and changes in the Authority's net OPEB obligation to the plan:

OPEB EXPENSE AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO OPEB

The deferred outflow is primarily driven by a decrease in the discount rate, plus updated mortality table SOA Pub-2010 and the mortality improvement scale SOA MP-2019 and is being amortized over a nine - year period. At June 30, 2021 and 2020, the Authority reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

FUNDED STATUS AND FUNDING PROGRESS

As of July 1, 2020, the most recent valuation date, the plan was 0.0% funded. At June 30, 2021 and 2020, the actuarial liability for benefits was \$56,110,950 and \$50,688,087 respectively, and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAL) of \$56,110,950 and \$50,688,087 respectively.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrences of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contribution of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

ACTUARIAL METHODS AND ASSUMPTIONS

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

Actuarial Cost Method	Entry Age Normal as a level percentage of payroll
Investment Rate of Return	2.09% per annum

The selected discount rate is based on the prescribed discount interest rate methodology under GASB 74/75 using an average of three 20-year bond indices as of June 30, 2021.

Note 14– Risk Management

During the years ended June 30, 2021, and 2020 the Authority’s risk management program, in order to deal with potential liabilities, consisted of various insurance policies for fire, general liability, crime, auto and public-official’s errors and omissions. Periodically, but not less than once annually, the Authority conducts a physical inspection of its Projects for the purpose of determining potential liability issues. Liabilities are reported when it is probable that a loss has occurred, and the amount of the loss can be reasonably estimated. Settled claims relating to the commercial insurance have not exceeded the amount of insurance in any of the past three fiscal years.

Note 15 – Construction Commitments

At June 30, 2021 and 2020, the Authority’s outstanding construction commitments pertaining to its Capital Fund Programs were not material. The costs pertaining to such commitments will be paid by grants approved and committed to the Authority by the U.S. Department of Housing and Urban Development.

Note 16 – Housing Choice Voucher Fund Balance – (Restricted & Unrestricted)

Administrative fees paid by HUD to the Authority in excess of administrative expenses are part of the undesignated fund balance and are considered to be “administrative fee reserves”. Administrative fee reserves accumulated prior to January 1, 2004, are subject to all requirements applicable to administrative fee reserves including, but not limited to, 24 CFR982.155 – i.e. “other housing purposes permitted by state or local law”.

Equipment Loan

In April of 2018, the Authority entered into a capital lease for a new police car. Monthly principal and interest payments are \$938 a month. Interest is fixed at 4.986% for 36 months. At June 30, 2021 and 2020, the remaining balance was \$0 and \$9,164 respectively.

On December 12, 2019, the Authority financed a tractor with snow removal attachments for 36 months. The amount financed was \$53,165 and the interest rate is 4.75% per annum. Principal and interest payments of \$1,581 are due each month for 36 months beginning February 2020. At June 30, 2021 and 2020, the outstanding balance was \$28,885 and \$46,043 respectively.

Capital Fund Finance Program

Pursuant to the Fannie Mae Capital Fund Finance Program ("CFFP") Bond A Loan Agreement dated December 30, 2009, the Authority entered into an \$8,375,000 construction loan agreement (the "CFFP Bond A Note") with Fannie Mae Capital. The funds received from Fannie Mae were loaned to Ezra Prentice Redevelopment, LLC for rehabilitation of the project pursuant to a tax credit allocation. On October 31, 2017, the CFFP note was refinanced with Capital One Public Funding, LLC (COPF). In January of 2021, the Authority received \$751,988 from the partnership which purchased the Ida and Corning properties for repayment of those properties' share of the CFFP Loan. The Authority reduced the outstanding principal amount by \$751,988 in addition to the required monthly payments.

The COPF loan balance bears interest at a fixed rate of 3.25% and is due on January 1, 2030. The Authority has the option to prepay the loan on or after November 1, 2022. At June 30, 2021 and 2020 the outstanding loan amount was \$4,005,056 and 5,192,344 respectively.

Note Payable Affordable Housing Program

In 2007, the Capital City Housing Development Fund Company, Inc. received a grant from the Affordable Housing Program (AHP) which it lent to the partnership on August 13, 2008. The loan was for \$500,000 for redevelopment during the construction phase of the project. Contemporaneously, the Capital City Housing Development Fund Company, Inc. assigned the mortgage to Key Bank. The loan contains a recapture agreement (the agreement) with the Federal Home Loan Bank if certain conditions related to compliance are not maintained; those conditions are more fully described in the agreement. The maturity date is the thirtieth anniversary of the conversion date of March 1, 2009 (March 1, 2039). At maturity the principal and the cumulative accrued interest is due in full. This note bears interest at the monthly long-term Applicable Federal Rate (AFR). Accrued interest at December 31, 2020, and 2019 was \$159,553 and \$153,003 respectively.

Housing Trust Fund Corporation (HTFC)

HTFC TCAP Loan

Pursuant to the promissory note dated December 30, 2009, the Company entered into a Tax Credit Assistance Program loan (the "TCAP Loan") with the Housing Trust Fund Corporation ("HTFC") in the amount of \$3,500,000 in connection with Section 1602 of the American Reinvestment and Recovery Act of 2009. The TCAP Loan funds were used for eligible rehabilitation costs as defined in Section 42 of the Internal Revenue Code. Additionally, the property must be operated in a manner consistent with the requirements for low-income housing tax credits under Section 42 of the Internal Revenue Code. During the construction period, the TCAP Loan was non-interest bearing. At the end of the construction period, the loan converted to a permanent loan and bears simple interest at 1% per annum. All debt service is deferred until the deferred development fee is paid or the 16th anniversary of Conversion, as defined in the TCAP Loan agreement. Once interest payments commence, a one-time interest payment of \$35,000 will be made. All remaining interest will be paid out of Net Cash Flows, as defined in the Operating Agreement. All principal and interest on the TCAP Loan are due on the 40th anniversary of Conversion.

The TCAP Loan is secured by a Mortgage and Security Agreement and a TCAP Written Agreement. During 2013, the Company received additional capital contributions from the Investor Member. Accordingly, per HCR's equity policy, the Company was required to return \$100,000 of the loan funds advanced. As of December 31, 2020, and 2019, the Company's total principal balance is \$3,400,000, and \$319,250 and \$285,250 of interest was accrued, respectively.

AHA CFFP Loan

In 2009 the Albany Housing Authority was granted permission to leverage its Capital Fund Program to finance the redevelopment of the Ezra Prentice property. Pursuant to the Fannie Mae Capital Fund Finance Program ("CFFP") Agreement dated December 30, 2009, the Albany Housing Authority borrowed \$8,375,000 which was secured by its Capital Fund Program. The Company then entered into a construction/permanent loan agreement (the CFFP A Note) with the Albany Housing Authority, an affiliate of the Managing Member. The note bears interest at the fixed rate of 6.05% per annum until the conversion date at which time the interest rate will be reduced to 0%. The principal and all unpaid interest are due on the maturity date of December 30, 2059. The Company then entered into a construction/permanent loan agreement (the CFFP A Note) with AHA. As of December 31, 2020, and 2019, the outstanding principal balance was \$8,375,000 and accrued interest was \$1,436,975.

AHA AHP Owner Loan

Pursuant to the Affordable Housing Program Owner Note dated December 30, 2009, the Company entered into a promissory note (the "AHP Owner Note") with AHA in the amount of \$537,000. The AHP Owner Note is non-interest bearing and is payable out of Net Cash Flows, as defined in the Operating Agreement. The AHP Owner Note is secured by a mortgage on the Property. All principal and unpaid interest is due at the maturity date of December 30, 2059. As of December 31, 2020 and 2019, the outstanding principal balance was \$245,000.

Amounts due to HUD are overpayments calculated on the year- end settlement forms and interest earned on HCV accounts in excess of \$500. Accounts Payable related to the Mainstream Vouchers, Moderate Rehab Single Room Occupancy, and Shelter Care Plus are \$128,148, \$13,627, and 70,971 respectively. The total amount due to HUD for all programs at June 30, 2020 and 2019 was \$212,746 and \$132,925 respectively.

Note 25 - Related Party Transactions

Housing Authority

Management Fees

During the fiscal years 2021 and 2020, the Authority billed its component units approximately \$831,100 and \$952,143 respectively, in management, bookkeeping and asset management fees.

Component Unit

Other Long-Term Liabilities

Other long-term liabilities of \$1,940,465 and \$1,509,763 as of December 31, 2019, and 2018, represent deferred developer fees.

Personnel and Operating Costs

During the component unit fiscal years 2020 and 2021, the component units paid the Authority \$3,267,563 and \$3,109,237 respectively for personnel services, related benefits, workers compensation insurance and materials.

Note 26- Board Designated Funds

The Authority, as owner of the Capital South Campus Center, required the managing agent to establish and fund a maintenance reserve of \$1,000 per month to be held by the Authority. The Authority's board has designated these funds to be used for major maintenance costs arising in the future. The Authority added \$12,260 to this account during the year ended June 30, 2016, to satisfy its matching contribution under the CFCF Grant that funded the building's construction. The Authority revised the management structure for the Capital South Center, and effective October 1, 2017, the managing agent is no longer required to fund the maintenance reserve. At June 30, 2021 and 2020, the balance in the reserve fund was \$37,332 and \$37,328 respectively.

Note 27- Contingencies

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus (COVID-19) a global pandemic and recommended containment and mitigation measures worldwide. The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of office facilities, including the offices of the Authority, and shelter in place orders for all but those deemed essential services. While this disruption is currently expected to be temporary, there is considerable uncertainty around the duration of the closings and shelter in place orders. As a result, the Authority has changed the manner in which its services are performed. Those changes include tenant intake and recertification procedures, maintenance services and planning and completion of capital improvements. Additionally, the pandemic has impacted the housing authority's ability to collect rents due to the loss or reduction tenants' income. Although HUD has provided additional subsidies to assist the Authority in meeting these financial challenges, it is probable that this matter will result in a negative impact on the Authority's financial position and results of operations. However, the ultimate financial impact and duration cannot be estimated at this time.

Note 28 – Sale of Assets and Transfer of Assets

On December 17, 2020, the Authority purchased all of the personal property of Corning Homes Associates LP ("Corning") and the option to enter into a Ground Lease, for \$20, in anticipation of the creation of a new discrete component unit, Ida Yarbrough Phase IV, LLC ("Ida IV".) Corning is a wholly owned discretely presented component unit. On the same day, Albany Housing Authority sold these buildings, the Ground Lease option and the two hi-rise buildings of Ida Yarbrough, Amp 5, to Ida Yarbrough Phase IV, LLC for \$13,070,000. As payment, the Authority received \$751,988 for satisfaction of the outstanding CFFP loan related to the ACC units at the two properties, the assumption of HOPE VI debt of \$4,601,688 and a loan receivable of \$7,716,324. The total gain on the sale of the two properties was \$6,960,620. As part of this transaction, the Authority was required to transfer a portion of the reserves of both Amp 5 and Corning to the new tax credit development, Ida IV. The total amount transferred was \$850,000.

The Authority also sold a tract of land known as the YMCA property for \$250,000. The land had no cost basis resulting in a gain of \$250,000.

During the fiscal year, the Authority transferred \$73,760 to its discretely presented component units. \$71,260 was CFP funds used for modernization of the LIHTC ACC units and \$2,500 was for reimbursement for grant writing expenses.

Note 29 – Prior Period Adjustments

During the fiscal year, the Authority made certain prior period adjustments which increased beginning equity. During fiscal year 2020, the Authority transferred \$321,781 in operating subsidy to the ACC units at Corning Homes Associates LP, a discretely presented component unit of the Authority. In 2021, the Authority reclaimed those funds since they were not needed by the LP's ACC units. Those funds were distributed between AMPs 3, 4 and 5.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING
STANDARDS

Board of Commissioners
Albany Housing Authority
Albany, New York

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Albany Housing Authority as of and for the year ended June 30, 2021, and have issued our report thereon dated May 18, 2022. The financial statements of the discretely presented component units were not audited in accordance with Government Auditing Standards and accordingly this report does not include reporting on internal control over financial reporting or instances of reportable non-compliance associated with the discretely presented component units.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Albany Housing Authority's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance,

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, material weakness may exist that have not been identified.

Compliance

As part of obtaining reasonable assurance about whether the Albany Housing Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Commissioners
Albany Housing Authority
Albany, New York

Report on Compliance for Each Major Program

We have audited the Albany Housing Authority's compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of the Entity's major federal programs for the year ended June 30, 2021. The Albany Housing Authority's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Albany Housing Authority's major federal programs based on our audit of the types of compliance requirements referred to above.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the audit requirements of Title 2 U.S. Code of Federal Regulations part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), *Audits of States, Local Governments and Non-Profit Organizations*. Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Housing Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major program. However, our audit does not provide a legal determination of the Albany Housing Authority's compliance.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND
INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

(Continued)

Opinion on Each Major Program

In our opinion, the Albany Housing Authority complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of the Albany Housing Authority is responsible for establishing and maintaining effective internal control over compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Albany Housing Authority's internal control over compliance with the types of requirements that could have a direct and material effect on each major program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over compliance.

A *deficiency in internal control* over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness* in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be *material weaknesses* or *significant deficiencies*. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses as defined above. However, material weaknesses may exist that have not been identified.

This purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of our testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
