

Computer Aided Drafting CAREER INFORMATION SESSION

**Monday,
April 29, 2024
5:30 - 8:30 p.m.
HVCC South
20 Warren St.
Albany, NY**

Join our information session to learn how you can start your journey towards a fulfilling career in this dynamic field.

You do not need to bring any materials with you, and there is no cost for the session.

*FOOD WILL BE SERVED
DURING A SHORT BREAK.*

Step into a career where every day brings a new challenge, and your skills bring designs to life!

As a computer-aided drafting technician or CAD operator, you will work with designers, engineers or architects to draw the latest designs for buildings, mechanical parts and much more! Maybe you have a design of your own? Learn industry standard software to create technical drawings across multiple industries. Discover how to get started in this entry level exploration into computer-aided drafting.
